

SYNERGY® SIMPLICITY™

Simplicity Features...

- High density polyurethane foam construction for long lasting comfort
- Exclusive Wrap-and-Lift design for pressure management and proper positioning
- Coccyx and sacral relief for added protection
- Four-way stretch fluid-resistant upper cover for added comfort and protection
- Non-slip base to help maintain proper position on chair
- Low profile to maintain a low seat-to-floor height

The Synergy® Simplicity™ is a cushion that offers a tremendous amount of comfort plus the health benefits of moderate pressure management and positioning.
